On this first screen, select whether to use a menu template, create a custom menu, or have no menu at all. You also set the menu aspect ratio here.

4 Disc Playback Settings
For DVD/Blu-ray, you can choose what the player does when a disc is inserted and what happens when a track is finished playing.

Finished!
The menu for the selected template is now complete. Of course, you can continue to add items or edit the menu as you wish.
